## STRUCTURAL DESIGN SUFFICIENCY CERTIFICATE

With respect to the building work of erection, re-erection or for making alteration in the school building Rajendra Academy, Senior Secondary School, situated at Village- Sihali Jageer, Hasanpur- Gajraula Road, Tehsil- Hasanpur, Distt. - Amroha, 244241; we certify that the structural plans and details of the building submitted for approval satisfy the structural safety requirements for all situations including natural disaster, as applicable, as stipulated under Part 6 Structural Design of the National Building Code of India and other relevant codes; and the information given therein is factually correct to the best of our knowledge and understanding.

According to NBC the life span of an Institutional building is expected to be 50 years, if it is built as per structural design codes and is maintained & retrofitted at regular time period. However as per NBC structural design codes the structure of the building must be tested after the specified time period or after major earthquake/ natural disaster, whichever comes first, for checking the safety of the structural elements of the building.
